Begins—May 4th, Ends—September 7th
- Teams will be made/announced after the completion of qualifying.
- The top 22 point-getters for the year are automatically qualified. These 22 point qualifiers will be divided into Blue and White Tee Categories. The exact number of how many from each group (i.e. 11-11, 12-10, etc., etc.) will NOT be announced until early-September, this number will be based on the average number of players we are getting on a weekly basis. (*Example: if on average we are getting 50 weekly players and 35 of them are blue tee guys, and 15 are white tee guys we will adjust the “22” slots accordingly*). We will announce the EXACT breakdown in early-September, so that everyone can follow their point standing based on their tees.
