

## **2012 Golf Maintenance Project Ideas**

### **No or low cost items**

- Tee improvements. Rebuilding, leveling
- Continue the monkey grass project; reduce mulch areas
- Bradford pear pruning. We have pruned 10 out of 70 so far
- Drainage behind 1 green, 3 right rough, and behind 17 tee
- Tap a drain line from the back 9 irrigation line into Hiawatha lake
- Remove oak trees that hinder play, i.e. 12 green, 16 green
- Beautification projects; Pro shop, 19<sup>th</sup> hole, cart sheds, pavilion, etc.
- Install fresh gravel at pavilion area, mulch the trees and beds
- Spot sodding bermuda and zoysia

### **FUNd Tournament project ideas**

- Sprig 5 more acres of bermuda
- Continue the divot filling program...with a new variety of seed
- Bermuda inter seeding on a few fairway locations
- Cart trail repair

### **Cost prohibitive projects**

- Pave trail behind 16 green.
- Restroom repairs-new fixtures, new heaters, new windows, replace rotten wood on the exterior
- Dam repair on 15 and 16
- Practice green relocation
- Green reconstruction
- Practice green/Driving range relocation
- 7 green relocation
