

Golf maintenance prepares for spring

During the “off” season the 3 man staff in the golf maintenance department has their hands full preparing for the coming season.

Trash cans, bag stands, and spike cleaners are all cleaned and painted.

Ball washers are stripped, repaired, and painted.

O.B. and hazard stakes are cleaned and painted. Usually, several dozen stakes are replaced each year.

All of the equipment must be serviced each winter in preparation for the season.

Hole signs are cleaned, repaired and repainted.

Cart rule signs are cleaned, repaired and painted.

Water cooler station before treatment.

After

There are many other tasks that must be completed each winter in order to maintain a successful operation. The 3 man staff knows that these items illustrated in this article, along with others too numerous to mention, are a crucial part of our goal, which is to provide the best possible playing conditions for our members and guests.
