

Dear Members and Guests,

I would like to take this opportunity to thank the current Members for their support and participation at Ocean View Golf Course throughout the past year.

For more than half a century, Ocean View Golf Course has held a reputation for producing exceptional players, so we want to encourage accomplished and novice golfers alike to continue the legacy by making **Time for 9** to hone their golf skills at Ocean View.

As the summer season approaches the longer days provide plenty of time to play **9 holes** after work. The timing proved to be a success for last year's Wednesday Hump Day league, that featured several local social club teams that came together for an afternoon of fun filled competitions. Our aim in 2017 is to encourage more golf activity on weekdays.

We are pleased and very proud of the upgrades to the Clubhouse facility and the plans to continue enhancing the Course and Clubhouse going forward.

The other standout improvements are the new Assistant Golf Professional hires, namely Chris Smith and Oliver OJ Pitcher. They are led by newly promoted, Head Golf Professional Brian Morris. The Pros have already kick-started their coaching programs with affordable rates, video recorded lessons and online fixes.

The dedicated grounds maintenance team are committed to keeping the golf course in the best possible condition year-round.

Here's a financial calculation that may be helpful to potential members who are concerned about the annual membership cost:

- Full membership = \$1,050 divided by 52 weeks = \$20.19 a week and \$2.88 per day.
- Senior membership = \$650 divided by 52 weeks = \$12.50 a week and \$1.78 per day.

The membership cost broken-down daily is less than the cost of one chocolate bar. If you cut back on the one bar a day and walk the course when you play we're betting you will be thrilled with the improvement of your mental and physical health, not to mention the likelihood of your golf game becoming better than you thought was possible.

The bar service is open daily for refreshments with Darren Brock and Jimmy Lauren aiming to please. We've had some issues with getting the kitchen service up and running, but we are near to getting it online. The necessary oven gas range exhaust fan was recently installed. There are other minor fixes needed before the Government Health Inspectors stamp their approval for operation. We are hoping to have a complete food and beverage operation running by mid-February.

We look forward to providing all patrons with quality services at our facilities.

Sincerely,

Greg Maybury

General Manager
