Tate/Green 14 Points
Pitman/Cade-13.5 Points
Lagarde- 11 Points

Pro Tip of the Month

The club used most during a round of golf is your putter.
Focus on your fundamentals.

The 5 P's

Pace-Speed of your putts

Path- The direction of which your ball travels

Pendulum- The tick-tock motion of your putter

Patience- Relax, take your time (but not too long!)

Practice- The only way to improve

Course Updates

Website

An events calendar has been added to our webpage under the Outings>Upcoming Events link. You can check the calendar for names and dates of our upcoming events.

Course Improvements

This season has been tough on golf courses with rain and periods of extreme heat. We have increased our chemical program to try to stunt and prevent certain disease from spreading on greens and fairways. Our cart path re-pavement project has been completed.

Club Championship

The Club Championship will take place August 26th & 27th. This year it will be a low gross, two day event. We will have three flight. Championship, 1st Flight, and Senior. Championship will consist 3.0-14.0 indexes. 1st Flight 14.1 & up. Senior Flight will consist of anyone 62 & over, any index.

Handicaps will be compiled on 8/16/17.

Why Not Wednesdays

As part of an overall discount incentive program, Platinum Members will receive a \$5 discount off normal member fees until 1 PM on Wednesdays.

Members Committee

The first Members Committee meeting has been postponed until further notice.

Cart Path Only

Over the past few weeks, we have had major rainfall that exceeded the courses ability to drain. Under these circumstances the ground crew decides whether the course is totally unplayable or to prohibit carts from being driven in the fairways. Unfortunately, we have observed members taking carts onto the fairways, showing disregard for course rules of the day and a lack of respect for those golfers abiding by the rules. We would hope that our members would set an example for the non-members playing that day. An email was sent out to our membership database on July 28th.

Handicap Flag Policy

Our Handicap Flag policy was also attached in the email that was sent out on July 28th. Members that may need a Handicap Flag, can show their State issued card or physicians note to the Pro Shop so we can photo copy and put it on file.

AUGUST EDITION

Staff Spotlight

German Garcia

Course Superintendent

German grew up in the Southeastern Mexico. He has been working in the turf management business for 15 years.

Before being hired at White Oaks, he worked for Little Mill CC in Marlton and Golden Pheasant in Lumberton. German has been an important piece to keeping the conditions of our course exceptional since 2005. When he does have a day off, which is rare, he enjoys fishing, dancing, and relaxing of course.

Elise Wagner

Assistant Restaurant Manager

Elise grew up in Hammonton. She has been a part of the Oak Room team since 2013. Some of Elise's interests are sports, animals, photography, and traveling. Her favorite vacation spot was Napa Valley, California. She's also the significant other of Executive Chef Tom Baglivo, who was featured in the first edition. Their most memorable trip together was to the Cowboys/Eagles game 2014. Elise's father was a golf course superintendent, so she grew up around the game of golf. He worked at Medalist, Sea Island, and Whistling Straits. Her grandfather turned an old asparagus farm into what became Freeway Golf Course. Elise is also a licensed realtor so if anyone needs help buying or selling their home, give her a call!
