Product Pick: Tour Edge Hot Launch 3

The Hot Launch 3 line is one of Tour Edge's most forgiving set of clubs yet! The driver uses cup face technology for increased ball speed. Who doesn't want more distance off the tee? The fairway's shallow face design and low center of gravity delivers high launch low spin for max distance. But it doesn't end there. This model offers combo sets in the irons to fit your game. Are your irons too difficult to hit? Try their iron-wood! The wide sole allows for maximum forgiveness which can increase your distance as well! Try the Hot Launch on our range today!
