1. The owner/operator of a golf cart who is utilizing the cart trackage/storage facilities must be a member in good standing of Granite Pointe Golf Club (hereinafter referred to as "the Club").
2. Trackage/storage fees will be determined by the Club on an annual basis. All refunds will be given under the same conditions as membership refunds.
3. The Board of Directors may waive the requirement that a cart owner be a member in good standing for a period of one (1) year provided that the owner has approval by the management committee.
4. The owner/operator of the cart is responsible for the following:
 - a) Trackage/storage fees must be paid prior to use in each calendar year or at the time of registration but no later than April 30.
 - b) The cart must be in good working condition. The Club shall have the right at any time to disallow use of any private cart if it is deemed detrimental to the course or the environment.
 - c) The Club does not insure private carts while at the golf course or in the storage building. Proof of \$1 million liability insurance **MUST** accompany the annual storage fee paid to the Club.
 - d) Owner/operators of carts will be responsible for damage to the golf course property or other property, equipment or individuals from any cause whatsoever involving their carts.
 - e) The sheds must be kept locked before, during and after a round of golf. Storing golf clubs and other valuables in cart sheds is not recommended. The Club does not insure your equipment or belongings while at the golf course or in the storage building.
 - f) Cart owner/operators are required to follow the same daily regulations set out for the fleet rental carts.
5. A maximum of two (2) owners may sign the trackage/storage agreement, thereby allowing for joint ownership.
6. **Cart owners must not rent or lend their cart to anyone except the Club.** The Professional or the Club may make private arrangements with the members of the Club for use of their carts. The only exception of lending a cart to another cart owner will be when a cart is being repaired. A cart owner may borrow another private cart to a maximum of two weeks. The daily rental fee will be applied to any private cart on the course without a registered owner in it save and except the exception noted in Number 7 below.
7. One of the owners must at all times be in the cart while it is being operated.
8. **Cart owners using club carts will pay the daily rental fee.**
9. Special circumstances may arise when all club carts have been rented. At such times, if the cart owner is agreeable, special arrangements may be made with only the Pro Shop and the cart owner to rent the cart. The appropriate form must be completed and signed.
10. To relieve congestion at the Clubhouse, power carts should be returned to the storage shed as soon as possible.
11. Minor alterations may be made to the storage shed without the approval of the Club's Executive. Minor alterations include shelves, coats hooks, etc. Shed alteration proposals must be submitted to the Administration Office for Executive approval.
12. When the current renter relinquishes the cart storage space, that space will be reallocated by the Club. This reallocation will be done according to the Club's waiting list. The rental space does not transfer with the sale of the cart unless approved by the Administration Office or Board of Directors.
13. **The owner/operator acknowledges that there are certain risks of physical injury and damage to personal property by operation of the power carts, and the owner/operator agrees to assume all risk of any injury to person or property, including death, or for loss of time or other loss or damage which the Club or any other person may sustain as a result of any activity connected with the owner/operator's operation of a power cart pursuant to this Agreement. Further, the owner/operator agrees to waive and relinquish all claims of injury to person(s), property, including death, or for loss of time or other loss or damage, the owner/operator may have against the Club or golf cart owner/operator, their officers, agents, and employees, holding them harmless and indemnifying them from all such damages that may arise as a result of operating the power cart indicated on the reverse side of this form.**
14. Gasoline or oil may **NOT** be stored in the cart storage facilities. Refueling will take place outside the sheds.
15. Advertising may appear on only the Granite Pointe rental fleet carts unless otherwise approved by the Board.
