*** \$1,000 Card Membership Option**

A great alternative for those who want membership privileges but do not play enough golf to justify the cost of a full membership.

Deposit \$1,000 to a WCC Card to join. Then swipe it each time you play to pay significantly discounted greens fees with funds you deposited. Get approximately 22-28 eighteen hole rounds from initial deposit depending on when you play. Nine hole rates also available. And you can swipe your card for golf carts too.
