

## A Classic Day at RCC

Thanks to the 60 golfers who challenged Reading Country Club in the annual Jack O'Lantern Classic, November 5. The players enjoyed a day of putting between the pumpkins, playing opposite handed, driving with classic persimmon woods, making putts with magic string and tossing the ball toward the hole.

The best part about the Classic is that golfers raised \$2,330 for the RCC Charity Fund. In 2017, RCC golfers and sponsors have raised more than \$20,000 to support local organizations such as the Exeter Area Food Pantry, A Smile from Jason Foundation, Blankets of Hope and Exeter Community Library.

Since the inception of the charity fund in 2010, golfers playing at RCC have raised more than \$75,000. All funds have been donated locally.

So, who won the 2017 Jack O'Lantern Classic? The Exeter community, that's who. Here are a few of the organizations that the RCC Charity Fund supports.

- **The Exeter Food Pantry** serves an average of 180 families each month from the Reformation Lutheran Church in Reiffton. [www.facebook.com/ExeterAreaFoodPantry](http://www.facebook.com/ExeterAreaFoodPantry)
- **A Smile from Jason Foundation**, founded by RCC member Greg Kleinert and his wife Linda, helps children with disabilities enjoy activities such as horseback riding, outdoor activities, sports and camping. [www.asmilefromjason.org](http://www.asmilefromjason.org)
- **Blankets of Hope** provides blankets to homeless shelters, cancer treatment and dialysis centers and non-profit organizations. <http://blanketsofhopepa.org>
- The **Exeter Community Library**, one of the busiest in Berks County, has a circulation exceeding 250,000 items. The library serves the community as a center of learning, practical tools and hosts nearly 500 free programs throughout the year designed for children and adults. Thank you, sponsors. Well played, golfers!

*Putt, putt, putting through the pumpkins on the fifth green.*

*Even the daddy long-leg spider had fun!*

*The Classic sponsors and raffle prizes.*

*Bud Lewis works the registration table.*
