

## **The DWA Practice Grounds at South Hampton:**

In January of 2018 with the vision of establishing a premier practice facility designed for the average golfer and to enhance The Golf Club at South Hampton's Growth of the Game initiatives, DWA Golf broke ground on an amazing new feature to South Hampton. The DWA Practice Grounds at South Hampton includes the following amenities:

- A double ended practice area with 85,000 square feet of grass hitting tees
- Several new target areas and types of targets for practice of all purposes strategically placed at distances from each of the three hitting tees.
- A short range at both ends for multiple targets inside of 100 yards.
- A multi-purpose short game practice area open to all that features a practice bunker with an 1,800sqft adjacent green to work on all types of short game situations, also in this area is a 10,000 square foot recently resurfaced and re-contoured dual purpose green that is used for putting and chipping.
- An exclusive Full Member Only Practice Area that in addition to their own practice tee features a short game area with two practice bunkers built at different depths to practice different situations encountered in the course of a normal round of golf, a 5,000sqft practice green, and an area surrounding the practice green that measures up to 40 yards which includes different contouring and different heights of cut to practice all types of on course situations.
- A 6,000 square foot nursery green for course repair and products testing
- A new 4,500 sqft lighted practice green by the Clubhouse that will be used for fun contests, fundraisers, and evening activities
- Power outlets throughout the main practice tee for personal devices or larger events.
- Still to come is a state of the art teaching facility that will be constructed on the new tee created in the main practice area that will feature club fittings and state of the art technology used for professional golf instruction conducted by PGA Tour Teaching Instructor, Dan Carraher. This new facility will also broadcast wireless internet to the main practice tee.
