

2014-2015 Frost Delay Procedure

Grounds crew will be in contact with the proshop to communicate how heavy the frost is.

The grounds crew will determine the time the golf course opens.

Once the course is open we will commence play with either Early Birds (if it is a short delay) or Tee Times.

Please see some examples of start times below:

- If the course opens at 9:15 there will be no Early Birds and the balloted tee time of 9:15 will be first off the tee then we will continue with the rest of the balloted tee times.
- If the course opens at 8:45 there will be Early Birds from 8:45 – 9:07 then the first balloted tee times at 9:15, followed by the rest of the balloted tee times.
- If the course opens at 10:30 there will be no Early Birds and the first balloted time of 9:15 will be first off at 10:30 and we will continue with the rest of the balloted tee times.
- If the course opens at 11:00 there will be no Early Birds and the first balloted time of 9:15 will be first off at 11:00 and we will continue with the rest of the balloted tee times.
- On Saturdays we will start the shotgun as soon as the course is open. Please keep in mind this may only give you 15 minutes to get to the course.

Keep your fellows members in mind. If you do not want to play later in the day please be sure to call and cancel your tee time.

If there are any questions on this procedure please contact the proshop.
