USGA Course and Slope Ratings

THE COURSE at HYLAND HILLS

Blue Course

Club No.: 03-0061

For: **MEN**

Explanation:

Certified By:

By: 
Director of Course Rating
Colorado Golf Association

A USGA[®] **Course Rating** is an evaluation of the playing difficulty of a golf course compared with other rated courses, for the purpose of providing a uniform basis on which to compute USGA[®] Handicap Indexes. A USGA[®] Course Rating is also known as a Scratch Rating as this is the expected score for an amateur scratch golfer.

A USGA[®] **Bogey Rating** is an evaluation of the playing difficulty of a golf course compared with other rated courses, for the purpose of providing a uniform basis on which to compute USGA[®] Handicap Indexes. A USGA[®] Bogey Rating is so called because it is the expected score for an amateur bogey golfer (course handicap approximately 15-22).

Rating Date:

September 1, 2016

Ratings Expire December, 2024

A USGA[®] **Slope Rating** is an indicator of the relative difficulty between the Course Rating and Bogey Rating for golfers with USGA handicaps greater than zero. Average USGA Slope Ratings are 113 for men and for women.

| <u>TEES</u> | <u>Measured Yardage</u> | <u>Front Nine Ratings</u> | | <u>Back Nine Ratings</u> | | <u>USGA Course Rating</u> | <u>USGA Slope Rating</u> | <u>Bogey Rating</u> |
|--------------|-----------------------------|-------------------------------|-----|------------------------------|-----|-------------------------------|------------------------------|-------------------------|
