From All Pro Sales and Service:

With the cold weather here – and getting colder, PLEASE be sure to take precautions to ensure the life of your golf car batteries! A basic winter storage tip is to make sure the batteries have water and they are charged! Failure to properly maintain batteries can result in costly replacement – especially batteries for electric golf cars!

If you have any questions, I'm here to help! Feel free to give me a call at 871-2785 this week. Note: I will be taking some time off from Thanksgiving through the holidays. Thank you to all BHGC members for your business at Allpro Yamaha!

Remember... Winterize!

Thank you,

Gary Clark
