From the General Manager:

Good morning!

March 11: Way too much snow on the golf course! Superintendent Mike Combs is prepared to remove snow from the Cameron greens immediately. Remember, the Champ 18 greens are covered, and therefore, we have to wait for Mother Nature to provide a warm up!

The early bird membership went well with approximately 15 more members than last year. Thank you all for your support of the

Recruit program which resulted in growth of our membership!

We'll be finishing our spring cleaning by Tuesday afternoon - be sure to come up and see us for lunch on Wednesday!

Have a wonderful and safe week everybody!

From the Golf Course Superintendent:

It's a great time of year! NCAA basketball! Gotta love it!

I'm not going to say anything about temperatures warming or cooling but, looking at the calendar spring is getting closer!!

Snow packs are slightly below average and water content is below average too. That is a positive.

Think and pray sunny!

Thanks.

"Time to blow snow off the the Cam 9 greens"

Order your custom golf balls!

From the Golf Professional:

We've already seen some great merchandise come in this year. One of my favorites is the "Fetch" putter from PING. It is a great looking and feeling putter as well as having the ability to fit inside the hole and pick up your ball without bending over.

All the PING putters for 2019 will be able to adjust the shaft length to the exact length you desire at just the turn of the dial. Very excited to get it all out on the floor soon!

Reminder to custom order your golf balls. Limited time offer. Call me today at 756-4547.

See you soon!
