

McHenry Park District Golf Classes

Boone Creek is proud to offer junior golf programs through the McHenry Park District. Registration for classes available through the Park District website or office.

SNAG Golf Program

Students will be introduced to the basic fundamentals of golf in a fun, exciting way. The SNAG Golf program uses oversized clubs and balls to get children used to the equipment and the sport of golf. They will practice hitting by aiming for Velcro targets and large flags. Students advance at their own rate by learning through personal achievements.
