~ January 2015 ~

Note from the General Manager ~

As we enter the 2015 season I want to thank all the members that have stepped up to support the club going into the future. We have had over-whelming support for what the board is doing to get the financial health of the club back on track. As of the holiday period we had 55 of the 71 needed memberships supporting the assessment and the majority have already paid it in full before the end of December.

As we move forward into 2015 we are going to be able to pay all of our creditors. But with the short fall of not reaching the required 71 memberships supporting the assessment we will not be able to pay the money owed for staff paychecks and money that is owed to me and several members on purchases they have made for club improvements.

We are still hoping the sewer taps will be approved so the land sale can happen by March this spring. This will allow us to pay off the rest of what is owed and make several significant course improvements this year. The land sale will necessitate a new green being built for number 7 and we have plans for leveling the greens on holes 5, 4, and 3 to make the course more playable for our outside guests and members alike.

I encourage as many members as possible to attend the annual member's meeting January 12th starting at 6 pm. You will receive a financial review of 2014, plans for 2015 and election of three new board members. If you are interested in running for a board position please let me or one of the current board members know so you can be added to the ballot.

I want to wish everyone a Happy New Year and a great 2015 season!
