Country Club of the Poconos is an outstanding golf course that fits any level of golfing ability. Our golf course is always in great shape with many risk/reward holes which makes for an exciting round of golf that will make golfers use every club in their bag.

We invite local and visiting golfers in Monroe County to take advantage of membership at Country Club of the Poconos. And if you're looking for membership in a club where you never get bored with the golf, this is the place. You'll want to return again and again and again to conquer the challenging wetlands, dramatic elevation changes, narrow fairways and thick woods.

OUR COURSE

Designed by renowned architect Jim Fazio, our course is a championship mountain-style venue where more than 40 acres of wetlands provide sanctuary for thousands of birds as well as exciting tests for the golfer. Measuring 5,902 yards from the back tees, this course promises to test even the longest hitters. But with our many sets of tee boxes players of

all skill levels can relax and have an enjoyable round.

While you may not realize that all of these unique elements enhance your playing experience, you will surely realize that the Par70, 5,902-yard course beautifully captures and elevates all there is to love about the game of golf.

NATURE

Set against the Alleghany Plateau and the Pocono Mountain foothills, Country Club of the Poconos' picturesque scenery and impeccable conditioning provide an unique golf experience.
