- Men 64 and younger play from the WHITE Tees
- Men 65 and better play from the GREEN TEES.

In case of rain, the golf professional and /or course superintendent will decide whether to cancel the event, modify the format of play, or suspend play before the field has completed the round. The possible options include:

- Cancel the event;
- Call it a 9-hole tournament prior to the start of play per Rule 33-1;
- Play it as an 18-hole tournament; or
- Suspend play before the round is completed by the field.

When a cancellation occurs for the tournament, scores will be judged against the lowest number of holes completed by all players. This process allows completion of the maximum number of holes by all players. While all players will play the same number of holes, they will most likely not all play the same holes. When that happens, their net scores against par for the holes they played will determine the net winners and runners-up. Their net scores will be determined by applying their handicap strokes according to the stroke-play handicap allocations.

Tiebreakers for less than a "stipulated round" of 18 holes will follow the USGA guidelines for a stipulated round of golf:

- If a competition is more than 9 holes but less than 15, ties will be broken by using the last 6 holes first; then the last 3; then the last hole played back to the first hole played.
 - If a competition is more than 15 holes but less than 18, ties will be broken by using the last 9 holes first; then the last 6; the last 3, etc
- \$5 entry fee for the event.
 - Please only write down your GROSS score on the scorecards.
 - After your round please turn in scorecard to golf shop staff.
