

Information About The Course

Princeton Country Club is a challenging 18 hole championship golf facility which became part of the Mercer County Park Commission in 1965. The clubhouse was renovated in 2015 and the golf course benefitted from a new irrigation system as well as new bunkers in 2014.

Measuring just over 6,000 yards and playing to a par of 70, the defense of the course is it's tight tree lined fairways and small back to front sloping greens. Accuracy over distance as well as a keen short game are demanded to score well here.

Princeton Country Club has a full driving range and practice putting green. It is also the home base for Mercer County Golf Academy, located on the second floor of the clubhouse.

The Mercer County Golf Academy features a full state of the art 6,000 square foot indoor practice facility with three simulators and indoor putting green and professional fitting center. In conjunction with the Golf Academy, the Park Commission can attach a instructional program to your outing at any of our four golf courses. It's a great way to bring additional golfers to the event who might not be ready for 18 holes or provide higher level swing analysis for those that are.

YOUR OCCASION, OUR COMMITMENT!

What People Are Saying...

"The staff at Princeton always make us feel welcome. We have been using them for our annual golf fundraiser for years now. We love it's central location and the improvements they have made to the clubhouse and the golf course!"

"More value than you get anywhere else for your golf outing dollar"
