to receive daily discounts
and course updates

Clubhouse News

As everyone can see, we have been doing a lot of renovating of the golf course and clubhouse. We will continue doing so for the next several months. We are making this course one of the premier golf courses in the state of Georgia, and to accomplish this, we need everyone's help. We urge all members and guests to remain on the cart path around tee boxes and greens. This is very important to the golf course. We have also poured new cart paths on hole 1 and some of hole 2. The cart path is several inches higher than the turf and we will back fill with dirt so it's a smooth transition from cart path to fairway. Please try to avoid exiting / entering the cart path that has not been back filled with dirt. The carts can bottom out and cause damage. We have put new signs around the course to help guide you where carts need to go. We thank you very much for helping us achieve our goals and we look forward to hearing your feedback.

*Just a reminder to members living in the neighborhood: For safety reasons, children are not allowed to be on the golf course unless they are playing golf and have checked in with the clubhouse. We have a lot of construction going on and want to keep the course safe for everyone.
