Clubhouse News

Course News

From the desk of the GM

I would like to personally thank everyone for your patience throughout our renovation process here at Meadow Lakes. We are making huge strides to create the best golfing experience around. Our 18-hole semi-private championship course will challenge and excite all types of skill levels. We are pleased with all of our course updates so far, and we hope you are too. Your feedback on our updates, and what you desire to see at our golf club is highly valued! Please let us know any way that we can better serve you. Email us at meadowlakescedartown@gmail.com to let us know! - Matt Brynteson

A Message from the CEO

Americans with Disabilities Act

Attorney Bill Henderson has completed the ADA survey at Meadow Lakes. The 2010 ADA Regulations defined "barriers" related to tees and greens. The green on # 6 was the only issue found on the course. We are currently reviewing options to correct this issue. A few minor issues were found at the clubhouse, parking lot, and pool. Plans are in place to correct these issues.

Improvements

The cart path upgrade is 90% complete on holes 1,2, and 3. We are starting asphalt removal on holes 13, 14, 15, and 16. Please continue to bear with us and beware of workers on the path. The wet well has been installed for the new pump system and construction on the pump house will begin soon. This is the 1st step in the installation of the new Rain Bird irrigation system. Additional landscaping is planned and bunker renovation is a priority after the cart path upgrades are complete.

I hope that everyone has taken notice of our marketing campaign and awesome membership drive! Help us spread the word and together we will MAKE MEADOW LAKES GREAT AGAIN! -Kent Popham

Did You know there are 336 dimples on a regulation golf ball? Your buddies probably didn't know either, go impress them!

A word from the Superintendent

Greetings, I would like to take a moment to introduce myself. My name is Matt Robinson, and I am the Superintendent at Meadow Lakes Golf Club. I will continue to keep you well informed on the changes and updates to our course, along with renovations and updates in the clubhouse. March will be another exciting month here! We will continue to prune and cut many of the trees around the course, along with raising the height of cut on the grass to promote healthy greens during the summer months. We will soon begin to renovate many of the tee boxes around our course. We will begin with the lady's tee box numbers 8, 11, and 13. **PLEASE NOTE: Our course will be closed on March 20th in order to aerate the greens.** We greatly appreciate your continued patience throughout this process. -Matt Robinson
