

From the desk of the GM

As fall approaches, I hope you are all as excited about the change in the weather as we are! As you all know we have been working very hard on the re-sodding of our greens to get them to the best condition this course has ever seen. We are very happy with all of the improvements made thus far, and excited for what is to come. So far we have sodded holes 1, 2, 4, 5, 6, 7, 15, 17, and 18 along with the putting greens. We have seeded holes 3, 10, 12, and 13. We look forward to having the full course back to playability by the early fall season. Aside from working on the greens, we are also taking on the challenge of renewing some of our bunkers! We have already reworked bunkers on holes 2, 3, 4, and 16. Stay tuned for the finished product! Thank you as always for your continued patience with all of our updates and improvements since the purchase of this course. –Allen Pinson

A word from the Superintendent

For those of you that I haven't yet had the pleasure of meeting, my name is Jonathan Price, and I am your new Superintendent. It has been an honor to take on this position and the hurdles that come along with it in order to make this course great again. Soon you will begin to see new features incorporated into our bunkers such as sodded banks, slopes, and run offs around the greens. This is an exciting addition that should make your play more challenging and fun. My crew and I are working tirelessly to get this course in perfect shape for everyone. All I ask for in the meantime is your patience and continued respect of our course rules in keeping all carts on paths. This will certainly help us maintain our greens to desired conditions. I look forward to meeting each of you in the near future out on the course!
-Jonathan Price
